

CONSTANCY!

There is nothing much better that you can say of men or institutions than that they are dependable. This covers almost the entire field of financial probity.

During fifty-four years of faithful service this bank has earned the name of the "Old Reliable."

There is a wealth of tribute — and of information — in the designation.

The First National Bank of Corsicana

"The Old Reliable Since 1873"

STOP, LOOK --- AND THINK!

Financially speaking, when did you begin? Where are you now? Where do you intend to go? Will you get there—and HOW?

Most successful men employ the services of good banks and enlist the co-operation of good bankers.

THE CORSICANA NATIONAL BANK offers you these in all sincerity.

Corsicana National Bank Corsicana, Texas.

THREE UNMASKED BANDITS LEISURELY CLEANED OUT BANK

ANOTHER BANDIT WAITS
WITH CAR; EMPLOYEES AND
CUSTOMERS PUT IN VAULT

By Associated Press.

Pampa, Texas, March 31.—Three well dressed, unmasked robbers entered the First National Bank here shortly before noon Thursday, leisurely gathered up \$28,000, after locking 20 or more customers and employees in a vault, and escaped in a closed automobile.

According to D. L. Vickers, cashier, who was locked in the vault, a screw driver was used to pry open the lock and free the imprisoned customers and employees.

The trio forced Vickers and A. V. Hendrick, teller, into the vault, then one of the men stood at the door, and as customers entered herded them into the rear, while the other two were gathering up the money. The robbery consumed about 23 minutes.

The men left Pampa in an easterly direction. The alarm was spread at once and the sheriff's department began telephoning to neighboring towns.

The bank is located in temporary quarters while its building is being remodeled. The crowded quarters made it easier for the robbers to conceal their operations.

Four Men Engaged In Pampa Robbery

By Associated Press.

Amarillo, Texas, March 31.—Four well dressed, unmasked men shortly after noon today robbed the First National Bank of Pampa, 70 miles northeast of here of between \$15,000 and \$30,000, and escaped in a large closed motor car after locking a score or more of customers and bank employees in the vault.

According to D. L. Vickers, cashier, who was locked in the vault with the others, a screw driver was used to pry open the lock and free the prisoners. Three of the bandits entered the bank with drawn pistols, while the fourth waited outside in the car.

GOVERNOR MOODY SIGNED NUMEROUS BILLS THURSDAY

By Associated Press.

Austin, Texas, March 31.—Governor Dan Moody today signed the Pollard bill to limit general education fees in State higher educational institutions to \$30, which kicked up such a hot fight in the Senate during the recent legislative session, when charges were made that present fees are "exorbitant and excessive."

Among other measures signed were two bills of the program to regulate and facilitate zoning, and one to create a State board of insurance commissioners. Under the latter the present commissioners will continue the board, with the life insurance commissioner as the chairman and the terms will be two, four and six years.

The governor also signed bills validating the appointment of guardians after publication of citation; forbidding garnishment of payment of insurance policies; all cities to regulate the platting of real estate subdivisions within five miles of the city limits; fixing the maximum fees of county treasurers based on a sliding scale of population; providing assessment for city street widening shall be made payable in not more than 16 annual installments; transferring civil and criminal jurisdiction of the Edwards county court to the district court of the county; amending the law so that church, incorporated charity and benevolent organizations can elect directors for three year terms; regulating formation of independent school districts so that the district may be as nearly as possible in the form of a square in respect to the location of the school building; providing a fee of \$20 per day for each court day of district attorneys serving districts comprising two or more counties in addition to the customary \$500 a year.

The governor also signed bills validating the appointment of guardians after publication of citation; forbidding garnishment of payment of insurance policies; all cities to regulate the platting of real estate subdivisions within five miles of the city limits; fixing the maximum fees of county treasurers based on a sliding scale of population; providing assessment for city street widening shall be made payable in not more than 16 annual installments; transferring civil and criminal jurisdiction of the Edwards county court to the district court of the county; amending the law so that church, incorporated charity and benevolent organizations can elect directors for three year terms; regulating formation of independent school districts so that the district may be as nearly as possible in the form of a square in respect to the location of the school building; providing a fee of \$20 per day for each court day of district attorneys serving districts comprising two or more counties in addition to the customary \$500 a year.

Chinese Casualties Were Not Heavy

By Associated Press.

Shanghai, March 31.—The Chinese casualties from the Anglo-American bombardment of Soong Hill, Nanking, last Thursday were estimated by the Cantonese commander, Chang Kai-Shek, in a statement today as six killed and fifteen wounded. From 40 to 50 houses were destroyed.

Chang emphasized that a full and accurate report was not yet available and that these figures were subject to revision.

(This is the first definite estimate of the number of Chinese casualties from Thursday's shelling, which was undertaken to protect Americans and other foreigners on Soong Hill who were menaced by Japanese troops.)

Chang said he had instructed the Nanking garrison commander to lodge a protest with the British and American authorities against "what he considered the unjustified bombardment of the city."

"No notice was given us before the bombardment," he added, "and no time was allowed in which to take measures to protect foreign lives and property. The Nationalist military authorities consider the bombardment a great indignity and our officers and men in Nanking

are deeply aroused and incensed." Reports concerning Nanking, which he characterized as exaggerated, has "created a tense international atmosphere," he said.

REFUGEES ARRIVING FROM NANKING TELL OF MOBS' EXCESSES

INTERNATIONAL SETTLEMENT
BEING PROTECTED
BY BARBED WIRE FENCE

By Associated Press.

Draft demands on the Chinese Nationalists in consequence of the anti-foreign excesses at Nanking are under consideration by powers, as well as the steps to be taken in the event of their refusal.

Shanghai dispatches say Americans and Britishers there see only two alternatives for the powers—either to withdraw from the Yangtze Valley, or take quick definite action.

Chinese have torn down and destroyed the American flag on the consulate at Chungking, in the middle of Yangtze Valley, where anti-Americanism is rife. The American residents have concentrated near the water front and consular officials have moved their headquarters to a gunboat.

Americans and Britishers reaching Shanghai from Nanking, Anhwei province, say they were attacked and stoned by Chinese before gaining the safety of an American destroyer. Eugene Chen, Cantonese Foreign Minister, is expected to arrive in Shanghai soon with the reported object of demanding surrender of the foreign settlements there.

Chang Kai-Shek, Cantonese military chief, today (Thursday) called for withdrawal of the foreign troops and warships from Shanghai. The Nationalists, he said, could not assume responsibility for the safety of the foreigners in the settlements as long as the present "intolerable condition" prevailed.

As for the Nanking incident, he said, if full investigation fixed responsibility on the Nationalist forces, he was prepared to give full satisfaction, including indemnity to the families of the victims.

Chang said six Chinese had been killed and fifteen wounded by the Anglo-American bombardment at Nanking. The majority of the casualties, he claimed, were among civilians.

By Associated Press.

Shanghai, March 31.—A party of forty-seven Americans and Britishers evacuated from Nanking by the United States destroyer Huiher, has reached the international settlement here with another story of mob excesses by mobs bent upon doing harm to foreigners. The Britishers and Americans said that before embarking at Nanking they were attacked and stoned by an angry mob.

As foreigners continue to find shelter within the barriers of the international settlement and the situation in the native quarter of Shanghai grows more menacing with a new general strike in prospect, the defense force authorities are impressed with the necessity of being fully prepared for all eventualities. Consequently they are steadily reinforcing the defenses, and are now engaged in setting up a great barbed wire barrier stretching the length of the avenue Edward VII.

Anti-foreign feeling in China, which first manifested itself in concerted agitation in the Yangtze valley several months ago and then led up to the disturbing events of the last few weeks, is rapidly spreading not only through the territory under Nationalist control but northward into the provinces of Shantung and Shansi. Upon learning of this, the American missions are sending word to missionaries in these places to leave their posts and seek places of safety post-haste.

are deeply aroused and incensed." Reports concerning Nanking, which he characterized as exaggerated, has "created a tense international atmosphere," he said.

American Flag Torn From Consulate

By Associated Press.
Shanghai, March 31.—Chinese at Chungking on the Yangtze river in Szechwan province, have torn down and destroyed the American flag on the United States consulate.

Anti-Americanism there has grown to such proportions that the American business houses are being closed and the Americans are concentrating near the water front. The consular and consular representatives took refuge on the gunboat Monocacy.

MANY ACRES LAND INUNDATED BY BREAK IN LEVEES TUESDAY

By Associated Press.
Memphis, Tenn., March 30.—Laconia Circle, a district of 12,300 acres of fertile Arkansas land lying in a northeastern extension of Desha county in the southeast section of the State, was today being gradually covered by waters of the Mississippi river. Levees surrounding this semi-circle of earth lifted against the perennial encroachments of the Mississippi and White rivers, by slaves of Frenchmen migrating upward from Louisiana a hundred years ago, gave way late yesterday.

Residents of the section, about 2,000 in number, consisting mainly of negro farm laborers, had ample warning of the break and fled to safety with their livestock and

some household effects before the waters poured in.

The break was gradually widening despite efforts of 200 laborers under direction of United States river fleet engineers, who have worked since Sunday to strengthen the levee. A 52-foot stage on the Mississippi was registered today and the flood crest has not yet been reached.

Red Cross Asked to Aid.

By The Associated Press.
Natchez, Miss., March 30.—The Red Cross has been asked to extend relief to Artonish, Miss., a farming community in Wilkinson county, where 400 persons are being driven from their homes by the rising waters of the Mississippi River.

The community is protected by a private levee but will be inundated when the Mississippi reaches a stage of fifty feet on the Natchez gauge, which is now 48.3.

In addition to the land expected to be flooded at Artonish, lowlands on the East bank

of the Mississippi are flooded to Angola, La., twenty miles below, where the Red Cross has already started relief work.

Waters Spread Over Farms.
Helena, Ark., March 30.—Housed in box cars, hundreds of tenant farmers and negro hands today watched the muddy backwaters of the Mississippi river spread over their land, further delaying farm work.

Box cars were sent to the danger zone today to provide temporary housing for refugees from the flooded area inside the Laconian circle levee which broke at 2 o'clock this morning.

No actual suffering has been reported.

Lindsey to Carry
Case Supreme Court
Washington, March 31.—Judge Ben R. Lindsey, ordered ousted from the juvenile court at Denver, Colo., by the Supreme Court of that state, today gave notice of his intention to ask the United States Supreme Court for a review.

COTTON ACREAGE REDUCTION

"It is hoped that those people who
have interested themselves in the
cotton acreage reduction campaign
will not lessen their efforts,"
writes the Progressive Farmer un-
der the Caption "Keep Up Acreage
Reduction Campaign" in the March
issue. Continuing the article
points out: "There is grave danger
that some farmers will be misled
by the recent advance in the price
of cotton. Cotton usually goes up
about planting time. It is a pro-
voking sort of crop anyway—ever
promising and then failing to de-
liver at the most unexpected time."

"The fact that farmers are likely
to be misled by the faint possi-
bility of a large unpicked acreage
and somewhat higher prices be-
tween now and planting time
makes it imperative that the cam-
paign for acreage reduction be
continued in full force right up to
planting time. Dr. Tait Butler,
editor of the Progressive Farmer,
is in charge of the acreage reduc-
tion campaign over the South as a
whole, and he reports that other
states are going ahead with effec-
tive acreage reduction campaigns."

Texas should not lag behind. So
far only two counties in this state
—Hill and Grimes—have been so
completely organized that nearly
every farmer has been given the
opportunity to sign an acreage
reduction pledge. However, ac-
cording to Colonel Clarence Ous-
ley, manager of the Texas Safe
Farming Association, who has been
active in the work of acreage re-
duction, eighty-seven counties
have made a more or less organ-
ized effort to reduce cotton acreage
by signed agreements among far-
mers. (In the list of counties given
Navarro is also included.)

"In addition to these counties,
according to Col. Ousley, there
are some twenty-five or thirty
counties in which a few leading
bankers—in some cases only two
of three bankers—virtually control
credit production, and in these
cases, of which we have knowledge
by correspondence, the acreage
will be reasonably well controlled
by the limitations of credit. Thus
considerably more than half the
cotton counties of the state are
more or less committed through
these signed agreements or
through the influence of bankers to
a very definite reduction of
cotton acreage. There are twenty
to forty other counties which prac-
tice a fairly well balanced agricul-
ture, and in these counties it has
been impracticable, if not impos-
sible, to organize any movement
for cotton acreage reduction, be-
cause any large reduction of cotton
in these counties would actually
disturb their well balanced pro-
grams."

"In each of these counties a cot-
ton acreage committee consisting
of the county agent, the county
judge, the county superintendent of
education, a prominent banker,
and a successful farmer, has been
appointed. There is undoubtedly
going to be a reduction of acreage
amounting to 10 to 15 per cent but
of these committees would continue
actively in the work of acreage re-
duction right up to the time of
planting, the reduction would be
made really worth while. But re-
gardless of the degree of success
obtained by the organized effort
to reduce the acreage, every far-
mer has his own part to play in
this great movement. It is a sorry
sort of fellow who will not lend a
hand in a crisis such as this. No
square-shooter will fail to do his
part to put over this great move-
ment for cotton acreage reduction.
Even if he has already reduced
the acreage, he can reduce a little
more to help the cause. It is a
satisfied sort of feeling that comes
to a man that has played the game
fairly and squarely. Of course,
there are a few farmers, who will
take advantage of a movement
such as this either to increase

their acreage or hold it steady.
But farmers as a whole don't play
the game that way. Whenever
there has been a real earnest
acreage reduction campaign there
has been a substantial reduction
in acreage. However, if there be
a few foolish men who think this
a good time to plunge in cotton,
they are riding to a fall. There
are ten chances to one that cotton
will not bring what you consider
a good price this fall. If every-
one should do his part it should
bring a fair price. If many of us
fall down on our very evident duty
to reduce the acreage, low priced
cotton is almost certain to be our
lot next fall."

A BRAVE COMMISSION

Inasmuch as Americans are
adepts at giving advice on every
subject under the sun, the fed-
eral radio commission's appeal for
suggestions, from any and every-
body, on how the radio should be
successfully regulated is not likely
to go unheeded. The unfortunate
member of the commission who is
assigned to read the mail will have
a job on his hands and deserves
praise. Here is the commission's
courageous announcement:

"In an effort to adopt policies
concerning the broadcasting situ-
ation which when put into effect
will render the most valuable ser-
vice to the listening public, the
commission cordially welcomes the
views of all persons who would
like to lay their ideas before it."
Something of value may be found
in the suggestions that will come
in, but the radio commission's first
broadcast "stunt" is likely to make
its members sorry they ever
thought of such an enterprise.
They may learn to their sorrow
that it is one thing to invite an
avalanche of advice and something
else again to dig themselves from
under it.

KNOW TEXAS

Texas has ranked fifth among
the states in population for the
past three federal census periods.
The average population per
square mile in the United States
is 25.5 which makes only one tenth
of being double that of Texas
which is 17.8.

Potter county has the largest per-
centage in Texas of population liv-
ing in towns and cities with 92.7
per cent.

Ninety-four and eight-tenths
per cent of the population of Har-
ley county lives in the country,
that county leading in Texas in
percentage of rural population.

Twenty states have a larger
percentage of rural population
than Texas.

THE TRINIDAD TIMES

Vol. 1, No. 1—of the Trinidad
Times has reached the editor's
desk. "Devoted to the interest of
Trinidad and Trade Territory"
the paper is issued each Thursday
by the Tribune Publishing Com-
pany. P. A. Noble is the editor.
Miss Bertha Moore is associate
editor and Miss Louise Smith re-
porter. The first issue of the pa-
per carried much news both local
and foreign, has a liberal adver-
tising patronage and is very at-
tractive from a mechanical view-
point.

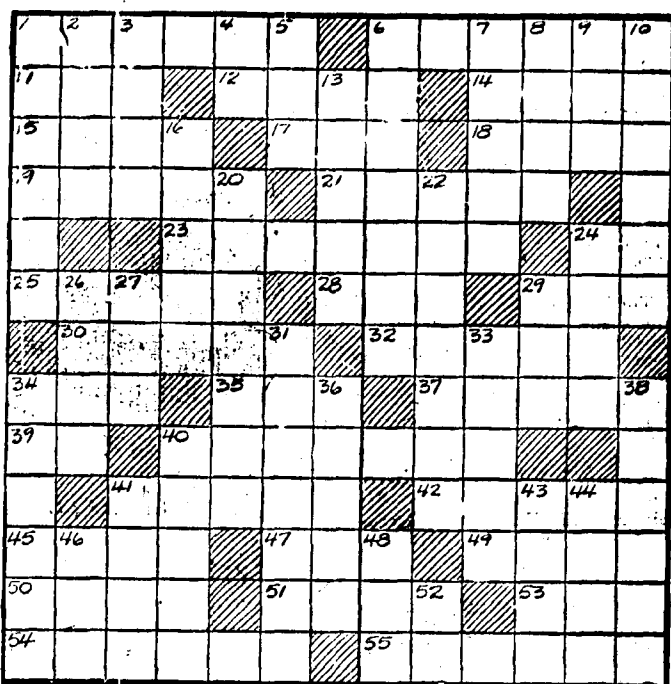

In announcing the new paper
Editor Noble says: "It is our
purpose to make the Times the
dominant paper in this section of
the state. We have an excellent
start and with the support you
have given us this far we are as-
sured of success." Mr. Noble is
also editor of the Kerens Tribune.

That Corsicana home owners are
taking an unusual interest in land-
scaping is evidenced on every side.
There are hundreds of attractive
lawns throughout the residential
section and they represent much
labor and a large expenditure of
money. This artistic arrangement
make a most favorable impression
on the visitors within our gates
and all express wonderment and
appreciation in commenting on our
spirit of civic attractiveness. More
flowers and shrubbery have been
planted this year in Corsicana
than ever before and as the citi-
zens view the results of this work
a larger number will be planted
each season.

The excessive rains this year
caused the roads in Navarro county
to be in an impassable condi-
tion for a greater part of the time
causing a loss to the residents not
only of time but financially as
well. Also the great inconvenience
of bad roads is the cause of much
mental worry and discomfort.

Now is the time of the year for
the general adoption of the slogan
"Clean Up and Paint Up."

DAWSON MINISTER ELECTED MODERATOR JOINT PRESBYTERY

Election of a moderator, selec-
tion of the place for the next pre-
sbytery, and election of delegates
to the General Assembly were the
principal items of business for the
joint presbytery of the Cumberland
Presbyterian church of the Corsi-
cana and Waco districts on the sec-
ond day of the session Wednesday.

The program Tuesday night was
furnished by the Presbyterian
Missionary Society. The program
was followed by an address on the
budget by Rev. A. N. Esham of Es-
till Springs, Tenn., representing
the General Board of the church.
After the devotional led by Rev.
B. T. Tyree of Dawson, a business
session ensued. Rev. F. A. Brown
of Dawson was selected as the
moderator, succeeding Rev. B. E.
Bowman of Hubbard. Dawson was
selected as the meeting place for
the fall presbytery. Discourses of
the candidates for admission were
read after the business session.

Rev. A. N. Esham delivered the
communion sermon, and the Pres-
byterial sacrament was adminis-
tered by Rev. A. J. Mann of Hills-
boro.

Delegates to the meeting of the
General Assembly at Lakeland,
Fla., in May were elected Wednes-
day morning. Rev. O. D. Spence
of Corsicana was the clerical prin-
cipal, with Rev. D. M. Fullerton of
Dawson as alternate. Lay dele-
gate principal was Judge H. C.
Nash of Corsicana, with George B.
Russell of Hillsboro alternate.

Rev. D. M. Fullerton of Dawson
will deliver the sermon at the
evening hour Wednesday, and the
session will close with the Thurs-
day morning session.

CHEVROLET TAKES LEAD MANUFACTURE OF AUTOMOBILES

Flint, Mich., March 29.—Attain-
ing a sustained production record
of approximately 4,200 motors a
day the Chevrolet Motor Company
is manufacturing more cars than
any other automobile company in
the world.

The company is producing 4,200
motors a day, a new record, and
the schedule for this month is
108,000, the highest in the history
of the plant. February production
which established a new high re-
cord was 90,000 motors, an increase
of 7 per cent over the rated capac-
ity of the plant. This production
was effected in a normal manner
and reflects the efficient operation
of the organization.

The company is operating eight
and day shifts, full time six days
a week.

Brisk activities at the Chevrolet
have had their effect on the ma-
terial market, and more than 300
carloads of incoming and outgoing
freight are handled here daily, tax-
ing to the utmost the Grand Trunk
Railway Company's facilities.

As an indication of the extent of
the Chevrolet's production, and
sales, it is interesting to note that
assembled car output in the Flint
plant in February was 10,000 com-
pared with 5,559 in the same month
last year. The schedule is 14,245,
which compares with 6,892 in
March 1926—increase of more than
100 per cent.

RECOMMENDATION METHODIST COLLEGE MADE AT AMARILLO

By Associated Press.
Amarillo, Texas, March 30.—
Recommendation of the conference
college locating commission to es-
tablish a Methodist college in
Amarillo was ratified late yester-
day by the Northwest Texas Meth-
odist Conference in adjourned ses-
sion here, and Amarillo citizens
were granted thirty days further in
which to accept the college financ-
ing program.

This action was taken following
a report of the Amarillo delegation
that it had raised approximately
\$400,000, had secured a campus
site and had made provision for a
permanent endowment fund.

Three hundred ministers and
laymen of the Methodist church in
the Northwest Methodist Confer-
ence met at the call of Bishop John
M. Moore for the purpose of hear-
ing the college proposal.

RAINFALL HERE IS MORE THAN AN INCH FARM WORK STOPPED

All farm work was stopped in
this county by the rain Monday
night which amounted to 1.37
inches in Corsicana, according to
the government gauge. Reports
from all sections of the county
indicate that the rain was about
the same as here.

The farmers were getting well
along with their work and with-
in a few more days would have
been fairly well up with prepa-
rations for cotton planting.

CORSICANA AND DAWSON STUDENTS ON HONOR ROLL

Special to the Sun.
Waynesville, Texas, March 29.—
Howard Allen and Miss Frances
Dewitt of Corsicana and Mary Jane
Newton and Howell Sawyer of Dawson
have become distinguished for their
scholarship in Trinity University
in being designated by the
Dean as honor students for their
work the first term of the present
session. To be so designated a student
must make twelve quality
points. An A counts three, B two,
and C one.

With the work of Trinity University
now conforming to the standards
set by the Association of Colleges
and Secondary Schools of the
South, work of the highest grade is
required of a student to be listed
in the honor section. Only four
other denominational schools in
Texas enjoy the high rating that
Trinity University holds by being a
member of this accrediting association,
which is the only organization
of the kind in the south today.
The ratio of students of honor
grade in the first term to the enrollment
was about 1 to 5, which
in itself indicates the strict grading
which is made on students for
their work. While there is great
emphasis placed on scholarship by
the officers and teachers of the
university there is also a purposeful
diversion of interest of students
to extra curricula activities, such
as oratory, public speaking, reading,
singing, playing, physical
recreation in games and organized
athletics, and participation in
organizations which encourage
original enterprises and leadership,
and most of the honor students are
those who are regularly engaged
in various activities only indirectly
connected with their class room
work. This diversion is encouraged
to develop self expression along
with the acquisition of knowledge
and train the student in the exercise
and application of what is
learned from instructors.

Nacogdoches; W. E. Williams,
Stephens; Kenneth Smith, Bexar.
Appeal dismissed—B. A. Wil-
coxson, Collin.
Submitted on brief and oral argu-
ment—E. M. Hughes, Grayson.
Submitted on State's brief—
Andrew Stephens, Gregg; Charles
E. Boehm, Jefferson; Bill McClellan,
Potter.
Submitted on appellant's motion
for rehearing—H. A. Clements,
Navarro; Johnnie Barnes,
Galveston.

A. C. Harrison Died Tuesday Afternoon

A. C. Harrison, aged 51 years,
resident of Corsicana for eighteen
years, died at 12:50 o'clock Tues-
day afternoon at his residence,
1401 West Twelfth and One-half
street, and the remains will be
interred in the Hamilton cemetery
Wednesday afternoon. The funeral
services will be held at the
residence of his sister, Mrs. E. N.
Rawson, 725 West Ninth avenue.
He is survived by his wife, one
brother, M. T. Harrison, Navarro;
two sisters, Mrs. E. S. Rawson,
Corsicana, and Mrs. W. H. Mills,
Koscoe.
The deceased was well known
here and operated a transfer here
for years.

"Corsicana Has It."

FINANCIAL DATA STATE GOVERNMENT OF TEXAS FOR 1926

Special to the Sun.
Washington, D. C., March 29.—
The Department of Commerce an-
nounces a summary of the financial
statistics of the State of Texas for
the fiscal year ending Aug. 31,
1926.

Expenditures.
The payments or maintenance
and operation of the general de-
partments of Texas for the fiscal
year ending Aug. 31, 1926, amount-
ed to \$52,700,659, or \$9.98 per capi-
ta. This includes \$22,511,673, ap-
portionments for education to the
minor civil divisions of the State.
In 1925 the comparative per capita
for maintenance and operation of
general departments was \$10.88,
and in 1917, \$1.59. The interest on
debt amounted to \$215,154; and
outlays for permanent improve-
ments, \$13,527,461. The total pay-
ments, therefore, for expenses of
general departments, interest, and
outlays were \$66,443,274. The to-
tals include all payments for the
year, whether made from current
revenues or from the proceeds of
bond issues.

Of the governmental costs re-
ported above, \$19,284,871 was for
highways, \$8,070,436, being for
maintenance and \$11,511,255 for
construction.

Revenues.
The total revenue receipts of
Texas for 1926 were \$72,106,131, or
\$15.66 per capita. This was \$19,190,
318 more than the total payments
of the year, exclusive of the pay-
ments for permanent improve-
ments, and \$5,662,857 more than
the total payments including those
for permanent improvements. This
excess of revenue receipts is re-
flected in purchase of investments
and in cash balances, not shown in
this summary. Property and special
taxes represented 49.6 per cent
of the total revenue for 1926, 42.5
per cent for 1925, and 56.6 per cent
for 1917. The increase in the
amount of property and special
taxes collected was 39.4 per cent
from 1917 to 1925 and 6.5 per cent
from 1925 to 1926. The per capita
property and special taxes were
\$5.54 in 1926, \$5.42 in 1925, and
\$3.10 in 1917.

Earnings of general departments,
or compensation for services ren-
dered by state officials, represent-
ed 5.0 per cent of the total revenue
for 1926, 5.3 per cent for 1925, and
4.7 per cent for 1917.

Business and nonbusiness li-
censes constituted 34.3 per cent of
the total revenue for 1926, 33.7
per cent for 1925, and 12.5 per cent
for 1917.

Receipts from business licenses
consist chiefly of taxes exacted
from insurance and other incorpo-
rated companies of occupation taxes,
and of sales tax on gasoline, while
those from nonbusiness licenses
constitute the chief taxes on motor ve-
hicles and accounts paid for hunt-
ing and fishing privileges.

Indebtedness.
The net indebtedness (funded or
fixed debt less sinking fund assets)
of Texas on Aug. 31, 1926, was \$4-
412,566, or \$0.84 per capita. In
1925 the per capita debt was \$0.87,
and in 1917, \$1.07.

**Assessed Valuations and
Tax Levies**

For 1926 the assessed valuation
of property in Texas subject to ad-
valorem taxation was \$3,674,411,
\$27; the amount of State taxes levied
was \$23,852,692; and the per
capita levy, \$4.52. In 1925 the per
capita levy was \$5.47, and in 1917,
\$3.86.

GIRL CONFESSES TO SLAYING FATHER, WOUNDING MOTHER

By Associated Press.
Winona, Miss., March 29.—Fif-
teen-year-old Kitty Jones, who
maintains steadfastly that she
shot her father, Ira Jones, to
death and seriously wounded her
mother, because they showed her
nine-year-old brother, Ira Jr.,
more attention than they did her,
today was in the same jail with
Sam Boyd, 25, upon whom the
wounded mother lays the blame
of the tragedy.

Boyd, who is married, was ar-
rested last night by Sheriff I. M.
Thompson, upon information from
Mrs. Jones that she saw him
leaving her room after she had
been shot.

Both the girl and Boyd admitted
to officers that they had passed
notes and that the girl had accept-
ed money from Boyd, the sheriff
said.

The shooting occurred Sunday
night after Jones and his wife had
retired. Both were asleep, and
Jones probably never knew what
killed him.

Mrs. Jones told the sheriff that
she did not hear the shooting, but
awakened to the knowledge that
she could not get up. She said
she saw Boyd passing from her
room into the dining room adjoin-
ing.

Mrs. Jones told officers that her
husband had "spoken to Boyd"
about his relations with Kitty
some time ago and that the men
had quarreled. Boyd corroborated
this statement in jail last night,
the sheriff said. He denied, how-
ever, that he had killed Jones.

Notice of Election.
Election of school trustees will
be held at the school house in the
Cryer Creek district No. 21 Satur-
day, April 2. Polls open at 8 a. m.

ATHENS LOSES IN BASKETBALL PLAY IN CHICAGO TODAY

By The Associated Press.
Chicago, March 30.—The Dako-
tas and Kentucky today landed
triumph in the third round of
the national high school basket-
ball tournament and the West-
ern entries achieved their vic-
tories by upsetting favorites.
Most notable was the 26 to 16
triumph of Huron, S. D., over
Lincoln, Neb., which yesterday
rolled up 71 points against Al-
pine, Tenn. Grand Forks, N. D.,
put out Ridge Field Park, N. J.,
28 to 20, with a second half rally
and London, Ky., advanced by
eliminating Safford, Ariz., 29 to
20.

The Athens team, champions of
Texas, started off with a rush
against Eau Claire, Wis., cham-
pions, and held them to one point
in the first period, but Eau
Claire took the lead at 16 to 15
in the fourth period. The final
was Eau Claire 19, Athens 17.

RESOLUTIONS OF RESPECT.

We the Committee to draft res-
olutions of respect in the death of
Bro. Bennett, beg leave to submit
the following:
Daniel Webster Bennett was born
in Laurence Co., Miss., Dec. 10,
1852. He gave his soul to Christ
and united with the Hebron Bap-
tist Church, Laurence Co., Miss.,
in 1874. He came to Texas in the
same year.

He was married to Miss Rebecca
Shepard in 1876, ten children was
born to this union, only five and

his wife survive his death which
occurred Feb. 22, 1927. He was or-
dained deacon of the Frost Church
in 1908, and was also a faithful
member of the L. O. O. F. lodge.

He was tenderly laid to rest in
the Ward cemetery, a great host
of sorrowing friends and relatives
following him to the grave. The
services were conducted by Rev.
Conway of Italy and Rev. Carraway
of Blooming Grove and the Pursley
L. O. O. F. lodge performed their
beautiful ceremony for the dead.

Bro. Bennett was a sincere
Christian gentleman, one of God's
noblemen, always extending the
helping hand, always ready to re-
spond to duty's call. A good Chris-
tian, a good father, husband and
friend.

Therefore he it resolved, that in
the death of Bro. Bennett, Cedar
Creek Baptist Church has lost one
of its best and most efficient mem-
bers, always attending services
when circumstances would permit,
ready and willing to assist in ev-
erything that would advance the

cause of Christ.

Further be it resolved, that his
community has lost one of its
best citizens.

Be it further resolved, that a
copy of these resolutions be fur-
nished the family of the deceased,
a copy be sent to the Baptist Pro-
gress and a copy to the Corsicana
Sun for publication.

COMMITTEE:

Throw off that Cold by taking Klok-Lax

Don't go around choked up with
a cold this winter!

Take Klok-Lax at the first sign
of distress and you will throw it
off.

Stop using sickening drugs that
get your stomach all out of fix-
ture. You have got to clean out the clog-
get wastes in your intestines and
start a free bowel movement be-
fore you can get rid of a cold.

Klok-Lax is the new, improved
way to treat a cold. It thoroughly
cleans out your entire 28-foot in-
testinal canal. Then, the most
miserable cold will disappear.

Better still, keep your bowels
cleaned out all the time—keep your
system purified by taking Klok-
Lax regularly—and the chances
are you will never take a cold.

Everybody is using Klok-Lax
now. It's the thorough, effective
way to keep from having constipa-
tion. That's why it is the "best
treatment for colds."

Get Klok-Lax at any good drug-
gist.

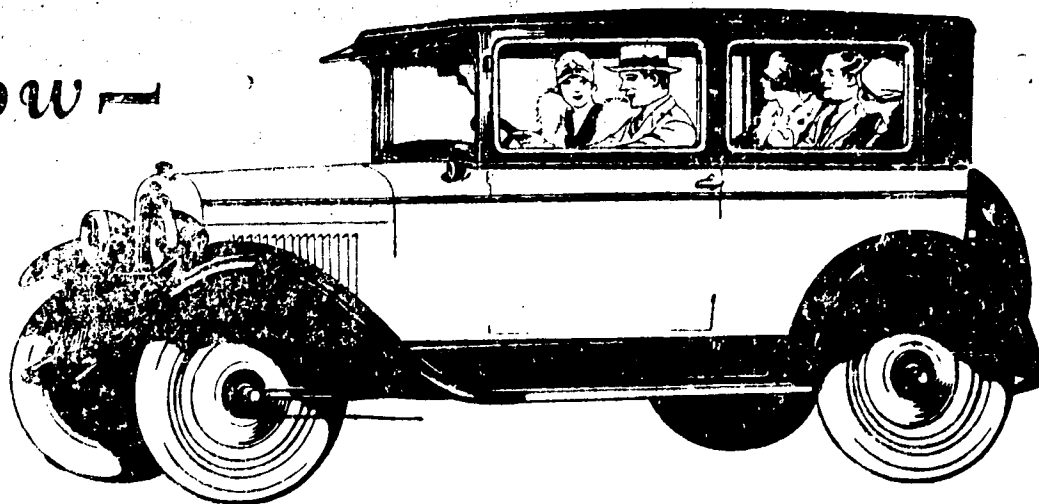

Higher Quality at Lower Prices because of increasing Volume Production!

January, 1925 —There was intro-
duced a new Chev-
rolet which scored a tremendous success.
Among its many new features were a new
and rugged rear axle, an improved unit
power plant, a new single-plate disc-clutch,
a much stronger frame, semi-elliptic
chrome vanadium steel springs, cowl and
dash-lamps, and new
Fisher bodies finished
in Duco. . . . And the
price of the Coach was
\$735 f.o.b.
Flint, Mich.

August, 1925 —Chevrolet an-
nounced a new mea-
sure of value based on many new quality
features—such as motor-driven Klaxon
horn, improved sheet metal construction
in the bodies, corrugated steering wheel
with walnut finish, new headlamp rim con-
struction and a more convenient gear-
shift lever. Yet, de-
spite all the additions
the Coach was re-
duced to
\$695 f.o.b.
Flint, Mich.

January, 1926 —Another specta-
cular increase in
Chevrolet value—a model offering many
mechanical improvements, such as a
smoother, quieter motor with three-point
suspension, a silent V-belt generator drive,
new oil pump, more efficient cooling, an
air cleaner, larger brakes, etc. Notwith-
standing these im-
provements . . . the
Coach was reduced
to
\$645 f.o.b.
Flint, Mich.

The Most Beautiful Coach In Chevrolet History

Climaxing all of Chevrolet's previous value tri-
umphs, the Chevrolet Coach of today is acclaimed
as the outstanding closed car value of all time.
Beautiful new Fisher bodies—paneled and headed,
rakishly low and finished in new colors of genu-
ine Duco . . . full-crown, one-piece fenders . . .
bullet-type headlamps . . . AC oil filter and AC
air cleaner . . . finer performance, greater riding
comfort and remarkable steering ease! A car so
marvelously beautiful that you
must see it to appreciate it. Yet
the price has been reduced to
\$595 f.o.b. Flint, Mich.

PREVENTION OF DISEASE

(Clippings from Hygeia published by the American Medical Association and furnished the Daily San by the Navarro County Medical Association.)

Poor People Don't Like Bad Housing.

Many persons have the idea that poor people revel in dirt and bad housing, basing their opinions on the classic story of the landlord who installed bath-tubs in his houses only to find that his tenants used them for coal bins. It is a fact that most charity clients are badly housed, but most of them move to better conditions when able, declares Scott E. W. Bedford in the April Hygeia.

The fact that some of the people deteriorate in housing does not mean that they like bad housing; it may mean that they cannot move to better or cannot remain where they are. In most large cities present conditions make it impossible for most families on low incomes to secure even the minimum standards of housing. When the supply of good housing is limited, it is difficult to draw conclusions.

A group of 184 families that had been under the observation of the United Charities of Chicago was recently studied to determine whether they were able and willing to better their housing conditions. Before the close of contact with them, 42.6 per cent of the families had changed to more favorable environment and only 10.3 per cent had deteriorated. However, conditions at the close of the record were far from satisfactory.

Expert Gives Rules for the Middle Aged.

Many of the ills that attack elderly and middle aged women, and men, too, could be avoided by observing certain rules and precautions, states Dr. J. M. J. Upham in Hygeia for April. The importance of periodic physical examinations cannot be overemphasized in this connection.

Proper repair after childbirth will do much to prevent cancer of the uterus. Frequent examinations will reveal cancer of the breast in the early stages when operation is most successful.

Diabetes, another disease of middle life, has such an insidious onset that frequently it is not discovered until it has progressed to the chronic and incurable stage. Regular examinations will be helpful in discovering it, also. Persons who have had a case of diabetes in the family or who are especially fond of sweets and indulge themselves for who are overweight should have a sugar tolerance test made frequently, to detect the earliest signs of diabetes.

Nutrition Program in Orphanage a Success.

The success of a formal nutrition program in bringing underweight children up to normal weight and to better health has again been demonstrated, this time in the Denver Orphans' Home, relates Jessie L. Lummis in Hygeia for April. In spite of the constant turnover in the orphanage, with the admittance of many new children who are underweight, the percentage of seriously underweight children has been reduced from 24 per cent to 5 per cent in three years, and no child is now more than 9 per cent underweight.

In the beginning a weekly intensive nutrition class was established for the twenty-one children who were 7 per cent or more underweight. This class was conducted by a physician and the director of the nutrition service of the Denver Tuberculosis Society. Extra rest periods and midmorning and midafternoon lunches were arranged for these seriously underweight children. In addition the diet of the entire orphanage was revised. More vegetables, milk and butter were added and wieners, pickles, postum and uncooked cereals were eliminated.

Tragic Plight of Child Mothers Demands Relief.

The pitiful cases of child mothers is the subject of editorial comment in Hygeia for April. The instance involving the youngest child ever reported in medicine is that of a Chinese mother and father, aged 7 and 8 years, but this case is subject to considerable doubt. An absolutely authentic case is that of a girl 8 years and 10 months old who became a mother, and many cases of girls 9, 10 and 11 years having had this experience are recorded.

Of 3,221 births in one Cleveland institution since 1909, there were six cases in which the mother was 13 years or under. In almost every case the girl mother is unmarried and the father is unknown.

Hens Set Record As Step-Mothers

By Associated Press:—Winsted, Conn., Mich. 31.—Ordinary barnyard hens on a 50-acre farm near here may safely claim honors for step-motherhood.

The proprietor of the farm raises land and water fowl, both wild and ornamental, and his patient, unsuspecting hens mother the lot and are kept in a constant state of astonishment at the cries and antics of their unaccountable broods.

The farm produces 800 to 1,000 birds a year for game and breeding purposes, including ten varieties of pheasants, a half dozen varieties of wood duck, Chinese Mandarin, Red Head, Pin Tail and teal, peafowl, Japanese Silkies and other birds. Dayton A. Wright is the proprietor.

CATTLE RAISERS TO MEET COLLEGE STATION DURING MAY

FULL PROGRAM FOR SESSION SOUTHWESTERN ASSOCIATION TION BEING WORKED OUT

Special to the Sun
College Station, Texas, March 21.—A full program of entertainment for members of the executive committee of the Texas and Southwestern Cattle Raisers' Association on their meeting at the A. & M. College of Texas May 19 and 20, is being worked out, Dean E. J. Kyle, of the School of Agriculture, has announced. Dean Kyle was just recently advised that the committee had accepted invitation to hold its meeting here.

A review of the cadet corps of the College will be held for the visitors on May 19. On the following day they will attend the baseball game between A. & M. and the University of Texas and on the night of May 20 they will be the guests of the College at a banquet. The executive committee meeting will be held the morning of May 20. This committee of the Texas and Southwestern Cattle Raisers' Association, composed of about fifty of the most prominent cattle men in the Southwest.

A step looking toward closer cooperation on the part of the Association with the A. & M. College of Texas in behalf of the livestock industry of Texas is pointed out by Dean Kyle in citing resolutions recently adopted by the Association. The resolutions in question provide for the appointment by President Richard Kleberg of the Association of a committee of three to visit the College annually for a thorough inspection of the Animal Husbandry Department. The resolutions set forth that after such inspection the committee shall "feel free to offer constructive suggestions to the Dean of the School of Agriculture and the head of the department on any matters looking to the good of the department." This committee is also to keep the members of the association posted as to conditions existing in the Animal Husbandry Department of the College. The resolutions set forth as the reason for the authorization of such a committee that "the Dean of Agriculture of the A. & M. College of Texas has expressed a desire to have the advice and counsel of the practical livestock men of this state in the conduct of their efforts in behalf of the livestock industry of Texas."

CRUSADERS CLASS OF BAPTIST MISSION GROWING RAPIDLY

The Crusaders met Monday night at 8:15 in their weekly business meeting. There were twenty present. The Sunday School baseball league, which the Crusaders will enter, was discussed and Don Newcomb was elected manager. He will be assisted by John Griffin. Charles Price was elected business manager and Walter Hamilton was elected chairman of the baseball committee of the Mission.

There were thirty-four Crusaders present Sunday morning, but the class has resolved to have forty present next Sunday morning.

The Crusaders will start working out for baseball immediately on the Cotton Mill baseball field every day except Saturday and Sunday. And these two days the Crusaders will be inviting men to Sunday School whom they have not seen during the week.

The Mission will be represented by three teams, the Crusaders, the Juniors, and the Intermediates. The Mission has been packed to capacity on Sunday for the last month, and all this goes to prove the prayers of the Christians are being answered by our Lord.

We are praying for every one and we urge you to come to the Mission, across from County Hospital, next Sunday morning at 9:30. Last Sunday forty-eight were baptized while there were quite a number who were to be baptized out of town. These will be baptized later. REPORTER.

Satisfaction

Last spring, about the full of the moon, I sold a customer a 30-ft. No. 0 cow chain for 75c. A few days before Christmas he brought the chain back. He said his cow did not like it any more, it got rusty and his cow would not wear it any longer.

I asked him what he wanted. He said his money back. I gave him 75c to take to his cow. This was a small request, but pleasantly met, and the cow and customer are satisfied. This shows the disposition behind this business to satisfy a customer. The customer is always right. The customer's sense of value and justice must always be considered first. Equity is the keynote of happiness. Satisfaction in business is the satisfying of customers.

If your cows, horses, chickens and pigs are not satisfied with the goods you buy from me, return the goods and the money will be refunded to the disgruntled pig, chicken or cow. I had rather hear a hen sing than squak. I had rather see a customer grin, than hear him grouch.

I have been selling goods for forty years. I have not made much money, but I have piled up a good heap of satisfied customers. My object in life is to make humanity happy while here on earth and have their souls in a joyful vein when they enter the portals of Heaven.

P. F. WALKER DIES AFTER LONG ILLNESS FUNERAL WEDNESDAY

P. F. Walker, aged 62 years, long-time resident of Corsicana and prominent official of the Corsicana Masonic bodies, died in the Navarro county hospital Monday night at 9:30 o'clock following a several week's illness occasioned by blood poisoning, and the remains will be interred in Oakwood cemetery Wednesday afternoon at 3 o'clock. The funeral will be held at the Methodist Protestant Church, corner of Eighteenth and Collin streets, Rev. M. J. Parnell, pastor of the Methodist Protestant church, assisted by Rev. Paul J. Merrill, pastor of the First Christian church, will have charge of the services at the church while the Masons will have charge at the cemetery.

Surviving are his wife, four sons, John Wayne, Harry and Avery Walker; two daughters, Dorris and Mildred, all of Corsicana; two brothers, Walter Walker, California; John Walker, Oklahoma; one sister, Mrs. Mattie Rinke, Tacoma, Washington, and numerous other relatives.

The active pallbearers will be John L. McCreary, C. J. Knox, Ed Holmes, Chas. Croft, Max Tatum and Bob Irvine.

Mr. Walker was a member of all the various bodies of Masonry, being a member of Karen Temple, Waco, of the Shrine, member of the local Blue Lodge chapter, Council and Knights Templar and Eastern Star officer. He was Tiler of local Blue Lodge, Chapter, Comptroller of the Chapter and Council, and was a Masonic lecturer and custodian of the Masonic Temple.

P. F. Walker has been a resident of Corsicana for many years and for a number of years he was engaged in the restaurant business and met with success in this line for the reason that he looked after the wants and comfort of his patrons and each and every one was his friend. He was genial, straightforward and "honest as the day was long." He never carried a grudge and if any man ever found him out of tune with the world that man has never made it known.

He was a man that saw good in his fellow man and it can be truthfully said that he practiced the precepts of his church and his belief in the Masonic order during every day of his life. He was not merely a Mason in name, but one in practice and action. To the young man he was an inspiration in the manner in which he lived and in the things he taught, and he gained and maintained the respect and esteem of the older men who came in contact with him. He lived the idea that we pass through this world but once and that we should do as much good in passing as it is possible to do. None will ever know the true extent of the good deeds and the helpful acts of P. F. Walker. He had hosts of friends whose tears will mingle with those of his loved ones and who will sorrow at his passing to a higher life.

Notice.

Corsicana Lodge No. 174 A. F. & A. M. Called meeting Wednesday, March 30th, 2 p. m. to attend funeral of Bro. P. F. Walker.

C. J. KNOX, W. M.

ROADS WEST ARE REPORTED AS BEING ALMOST IMPASSABLE

Travel through Dawson to Waco and through Barry to Hillsboro is impassable according to telephone reports received at the Chamber of Commerce Tuesday morning. The Dawson road was reported very heavy with light traffic passing through, but reports indicated that this would be impossible by afternoon. The same condition exists on the Barry-Blooming Grove highway.

Cars are going through to Richmond with some difficulty; the road is heavy but passable. Kereens reported that the roads were slippery but not difficult with use of chains. The roads over the county had just been graded and were in the best possible condition before the rain Monday night.

Reports received from the Highway Committee of the Dallas Chamber of Commerce state that traffic is going through to Dallas by way of Palmer with little difficulty, some cars going through without chains. Highways are open through the north by Sherman. Oklahoma City reports heavy rains Monday night and more rain Tuesday.

The rain was lighter in East Texas and all roads are open or traffic.

All kinds of chicken supplies. Come look them over.

MOVEMENT MARINES ACROSS CONTINENT IS NOW UNDER WAY

By The Associated Press.

Washington, March 29.—The routing to San Diego of the 1,500 marines ordered to reinforce the American contingent in China was completed today by Marine Corps headquarters and the plans for the movement of nine special trains across the continent.

Only two of the trains were ordered to move today, these being the Quantico Marine base, leaving Quantico early in the afternoon, they will go to New Orleans, then by way of the Gulf Coast Lines to Houston and the Santa Fe to San Diego. Two other Quantico trains will leave tomorrow going via New Orleans, thence on the Texas and Pacific to El Paso, the Southern Pacific to Los Angeles and the Santa Fe to San Diego.

The Paris Island detachment, enroute tomorrow will go by way of Memphis, taking the Rock Island, thence for Amarillo, and thence by the Santa Fe to San Diego. The four trains from Philadelphia will leave about 1 o'clock tomorrow afternoon. The first will follow the Pennsylvania lines to St. Louis, the St. Louis Southwestern to Fort Worth, the Texas and Pacific to El Paso, the Southern Pacific to Los Angeles and the Santa Fe to San Diego.

The second will leave via the Baltimore and Ohio to St. Louis, the Burlington to Kansas City, the Missouri Pacific to Pueblo, the Denver Rio Grande Western to Salt Lake City, the Union Pacific to Los Angeles.

The third will go over the Reading to Bethlehem, Pa., the Lehigh Valley to Buffalo, the Erie to St. Louis, the St. Louis San Francisco to Wichita and the Santa Fe to San Diego.

The fourth will follow the route of the third from Philadelphia to St. Louis and will change there to the Katy to San Antonio, the Southern Pacific to Los Angeles and the Santa Fe to San Diego.

Six days will be allowed for the trip across the country, the itinerary calling for the arrival of the trains in San Diego by April 5, almost two days after the transport Henderson on which they will sail for China arrives from Corinto, Nicaragua.

INDIGESTION

North Carolina Lady Says She Had An Awful Time With Indigestion, Till She Took Black-Draught.

Pilot Mountain, N. C.—"For several years I suffered with a bad case of chronic indigestion," says Mrs. Sam C. Inman, of this place. "I had bad spells with my stomach. At times I had severe pains in my right side. My stomach would get upset and I would have an awful time. It seemed like everything I ate disagreed with me. I was in pretty bad shape."

"My husband had been using Theodor's Black-Draught for some time for indigestion. He had heard of it too, so he suggested that I try Black-Draught. I took some from his box, just to see if it would help me, and I found it was the very thing for my trouble. It did me a great deal of good. My condition was brought on by a chronic case of constipation and, by getting relief from this, I found my general health was much better."

"We keep Black-Draught in the house all the time. Whenever I find I need it, I take several doses and thus avert a bad spell of indigestion. It is a splendid medicine and I am glad to say so."

Sold everywhere. NC-173
THEODOR'S BLACK-DRAUGHT

THREE CHILDREN WHO ATE POISONOUS ROOTS DEAD TODAY

Las Vegas, N. M., March 29.—Three of ten children, who, playing along the banks of a creek during school recess yesterday, found some white roots and ate them, thinking the sweet-tasting plants were white parsnips, are dead today. The roots proved to be water hemlock parsnip, and the children got alive were experiencing convulsions.

It was said they would live if they have the strength to resist the poison.

The poison, physicians said, formed a serum in the blood which filled the lungs and after convulsions, caused death. The dead were Salome Sanchez, 7; Melquiades Ortega, 9; and Ursula Megillas, 7.

J. N. Edens Much Improved Tuesday

J. N. Edens, president of the First National Bank, who was taken quite ill last Friday afternoon, and who has been confined to his home, a few miles southeast of the city since, was greatly improved Tuesday, it was reported at the bank, and is now believed to be on his way to early recovery.

Mr. Edens was a very sick man for several hours and his many friends will be delighted to learn of his improved condition.

HIGHWAY AID TO AMOUNT \$6,500,000 TO BE AVAILABLE

By Associated Press.

Austin, Texas, March 29.—Federal road aid, \$6,500,000 worth for 1927, again is to be released to the State Highway Department within two or three weeks, after being withdrawn for about six months, W. R. Ely, member of the Highway Commission, said today.

National road authorities late in the administration of the last Ferguson highway commission withdrew all aid and declined to enter with the state into any project because of the poor financial condition of the commission and the bad conditions of roads.

The new Highway Commission late yesterday conferred with Federal engineers over the aid problem.

Ely said today that the Commission now is in a position to seek the aid which will be available in two or three weeks because it has satisfied Federal authorities that the department will properly maintain the roads, pay current debts as soon as possible and measure up to the standard imposed.

Highway Department Grants \$42,500 Aid

By Associated Press.

Austin, Texas, March 29.—The new state Highway Commission today untied the department's purse strings and granted \$42,500 in aid.

Shackelford county was granted \$27,500 to aid in construction of a one-inch bituminous surface on highway number 22 from Albany to point near Moran.

Robertson county was allowed \$15,000 to be used in erecting an approach to a bridge on Highway Number 43 over Brazos river on Highway Number 43 at the county line.

The commission authorized a Wilkey county delegation to start work on grading and drainage structures on highway number 56 from Raymondville south to the Comerton county line, preparatory to laying hard surface. About \$300,000 in cash is available to the county, the delegation said.

TERRIFIC BLAST WRECKED MINE IN PENNSYLVANIA TODAY

By Associated Press.

Altoona, Pa., March 30.—The bodies of ten miners were recovered from the explosion which wrecked workings of Mine Number 3 at Ehrenfeld late this afternoon, according to reports received here from scene.

By Associated Press.

South Fork, Pa., March 30.—Reports reaching South Fork from Ehrenfeld late today were that "quite a few" of the miners trapped in Number 3 mine there by an explosion had escaped alive by way of an air shaft.

By Associated Press.

South Fork, Pa., March 30.—Between 350 and 600 miners were entombed and a number of working men on the surface were killed this afternoon when a terrific explosion spread death and destruction through mine Number 3 of the Pennsylvania Coal and Coke corporation at Ehrenfeld.

The entire shift of miners, together with some extra men were in the workings when the blast occurred. South Fork was rocked as if by an earthquake, and an office building, near the mine mouth, was blown down. So far as is known, none of the men in the mine escaped, and rescue experts held little hope for them, pointing out that it was practically impossible for life to exist where the force of the explosion was so great.

Mouth of Mine Wrecked.
The drift mouth of the mine was wrecked. Earth came tumbling down from the hill into which the channel leads. The first rescuers on the scene went to work on this blockade in the hope that some of the men entombed had reached some point of refuge in the big mine which extends back into the mountain a distance of eight miles.

Stunned by the intensity of the disaster, the entire Ehrenfeld community was stricken and it was some time before the rescue work got under way.

People living ten miles from the mine felt the explosion, which, according to those near the workings, came ripping through the drift mouth and out into the open, destroying much property on the surface.

Rescuers and Doctors at Scene.
Rescuers, doctors, nurses and first aid equipment were rushed in by the Pennsylvania railroad from Derry, Johnstown, Cresson and other points in the central Pennsylvania coal field.

Attracted by the explosion, the families of miners stampeded to the mine mouth. State troopers were sent in from all parts of the region to control the great crowds.

As the diggers attacked the shaft mouth blockade of earth, other men, equipped with gas and smoke helmets, stood ready to enter the blast-torn workings as soon as the pick and shovel men cleared the way.

More Than 500 Miners Entombed

By Associated Press.

Pittsburgh, Pa., March 30.—More than 500 men were entombed by a terrific explosion in the Ehrenfeld mine of the Pennsylvania Coal and Coke Corporation this afternoon, according to reports received here. The mouth of the mine was wrecked by the blast, it was said.

A United States bureau of mines rescue car, stationed at Derry, near Ehrenfeld, has been ordered to the scene.

All efforts to get into direct touch with the mine failed. It is located in Cambria county, about 75 miles east of Pittsburgh.

The mine rescue experts, of the federal bureau, said he believed that between 350 and 400 men had been trapped by the blast.

The explosion was of such great force that when it ripped from the shaft mouth of the mine it blew down a two story brick office building about 200 feet from the entry. Some office employees were injured when the structure collapsed. Mining men, familiar with explosions, said the blast was so terrific they could hold little hope for the men trapped in the wrecked workings. The mouth of the mine caved in, making rescue work difficult.

Eight Men Entombed In Illinois Mine

By The Associated Press.

Harrisburg, Ills., March 30.—Eight men were entombed and believed to have been killed in a gas explosion today in the Saline county local corporation's mine number 2 at Ledford, five miles south of here. Three other miners were injured by the blast. The 200 other men in the mine were all accounted for.

Mine officials said gas had accumulated in a pocket near the entry and was touched off presumably by an open light used by miners.

The eight entrymen behind the gas are believed to have been killed.

Audio Lynch and Roscoe Rebo, shift workers fifteen hundred feet from the explosion were the first to be brought from the mine. They were hurled down by the explosion and were badly burned and injured by flying timbers.

EIGHTEENTH AMENDMENT AND ITS ENFORCEMENT BE ENDORSED BY BOTH POLITICAL PARTIES

By Associated Press.

Utica, N. Y., March 30.—The eighteenth amendment and its enforcement will be endorsed next year by both big parties and their standard bearers will be President Coolidge and Governor Smith of New York, in the opinion of Senator William E. Borah of Idaho, Republican.

"I'll venture that the Republican party in national convention declares for the eighteenth amendment and its enforcement," the Chairman of the Senate Foreign Relations Committee said in an address before the Utica Republican Club last night.

"I'll venture that if Governor Smith is nominated for president, he'll declare for the eighteenth amendment and its enforcement, and not only that but will make people believe in it."

"This is not speaking in disrespect of Governor Smith, but in recognition of his great abilities. From the time he leaves Manhattan Island and crosses over into the United States, he'll be for the

"FATHER OF RURAL FREE DELIVERY" AND WELL KNOWN EDITOR DIES IN WASHINGTON

By The Associated Press.

Washington, March 30.—Perry S. Heath, known as the "Father of Rural Free Delivery" and for years prominent as an editor and publisher, died at his home here today after an illness of more than six weeks.

A picturesque figure in the last quarter of the 19th century as a newspaper man and prolific political writer, Mr. Heath entered the Post Office Department in 1897 under President McKinley, and with less than \$30,000 authorized by Congress for experimental purposes, he started the first work on one of the greatest advancements in postal distribution territory.

When he resigned three years later as Assistant Postmaster General

AMERICAN KIDNAPPED AND HELD FOR RANSOM BY BAND OF MEXICAN BANDITS SUNDAY

By Associated Press.

Washington, March 30.—Ambassador Sheffield at Mexico City was directed today by the State Department to make representations at the Foreign Office regarding the kidnapping of Guadalupe on Sunday of Edgar M. Wilkins, an American citizen.

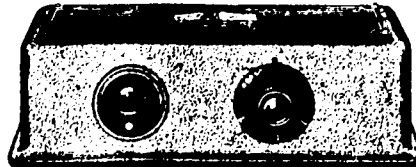

Mexican military authorities at Guadalupe have been making efforts to obtain Wilkins' release and capture the bandits, thus far without success, so far as the Washington government knows.

Wilkins is held for \$20,000. His 10-year-old son, captured with him, was released to take the ransom demand to Guadalupe.

Pimples, Boils, Skin Eruptions

Skilled physicians recognize the appearance of pimples, boils and other skin eruptions as being an indication of an abnormal condition of the system. This is why so many thousands have been enabled to free themselves of these unsightly blemishes and painful annoyances by taking a course of S.S.S. It helps Nature build up red corpuscles. It improves the processes by which the blood is nourished. It is time-tried and reliable.

"I suffered from impure blood—was weak, and I had lost so much weight. I didn't look natural. I had pimples and was also bothered with a breaking-out that itched terribly. I also had boils one after another."

Mr. and Mrs. Clay De Rusha of Cryer Creek were in Emhouse Tuesday.

Mr. and Mrs. Hugh Stewart of

**TEXAS INDUSTRIAL
DEVELOPMENT WEEK
BEEN DESIGNATED****CHAMBERS OF COMMERCE
ARE TAKING INTEREST IN
OBSERVING EVENT**

April 25-30 has been designated by the Texas State Manufacturers Association as "Texas Industrial Development Week," and the project is receiving special attention from the various Chamber of Commerce organizations over the state. A committee from the Corsicana Chamber of Commerce will boost its observance in Corsicana. With a slogan of "What Texas Makes Makes Texas," efforts are being made to impress on the people of Texas the necessity of supporting home industries. The population of Texas is increasing at the rate of 100,000 a year, and the development of home industries, increased payrolls, will mean increased prosperity.

The movement is in keeping with steady employment, and interests of the Corsicana Chamber of Commerce, the local organization better support of them. The home includes in their 1927 platform the increase of local industries, and industry as observed by the Corsicana Advertising and Salesman-ship club last year, and the Chamber of Commerce has been boosting home industries by numerous exhibits in the windows of their headquarters.

**EASTER GREETING CARDS—
CITY BOOK STORE.**

Bardwell were here Sunday visiting relatives and friends.

Dr. W. C. Bristow was a Corsicana visitor Saturday.

The Matinee Musical Club met Saturday with Miss Ruth Owen. The program consisted of several beautiful piano selections, solos and duets and one or two good readings. The members played hearts, following the program. At the conclusion of the afternoon's entertainment, Miss Owen served a delicious refreshment plate of sandwiches, olives, potato chips, cheese squares, cake and ice tea. There were ten members present.

News was received here Monday of the death of little David Scott Stevenson, grandson of Mr. and Mrs. D. W. Maggard. The telegram stated that the body would be brought here for burial. Funeral arrangements had not been learned up to this hour. The parents of the little boy are both well known here.

**PROMINENT FARM
LEADERS TO ATTEND
REGIONAL MEETING****EAST TEXAS CHAMBER OF
COMMERCE TO HOLD SES-
SION AT CENTER, TEXAS**

Special to the Sun.

Longview, Texas, March 31.—Clarence Ousley, director of the Texas Safe Farming Association; Dr. T. O. Walton, president of A. & M. College; G. Mont Adams, Tyler cotton king, and Eugene Blount of Naegodoches will be among the headliners on the program at the regional meeting of the East Texas Chamber of Commerce which will be held at Center, April 7-8.

Other noted speakers who will address the meetings include Miss Susan Landon, of the educational bureau of the Farm Bureau, Dallas; C. P. Blackwell, agronomist, Shreveport; George L. Foster, Chilcarr Nitrates of Soda Educational Bureau and Miss Bess Edwards, assistant state agent, home demonstration work, A. & M. College of Texas.

A banquet will be given on the evening of the first day of the meeting. Several hundred are expected to attend the banquet, at which R. M. Kelly, president of the East Texas Chamber of Commerce will open the program with an address.

The program is considered one of the best ever mapped out for a regional meeting in East Texas. Both agricultural and industrial subjects will be given attention.

A period has been set aside Friday afternoon for a general discussion on the common problems of town and country. One of the principal objects of those regional meetings is prohibition of closer relationship and better understanding between urban and rural East Texas.

PRESBYTERY CLOSED SESSION WEDNESDAY NIGHT IN CORSICANA

MISSIONARY WILL BE EM- PLOYED TO ASSIST WORK IN THIS DISTRICT

A most profitable session of the Corsicana Cumberland Presbytery closed here Wednesday night. It was announced by those in charge. The closing session consisted principally of committee reports and the conclusion of the business of the session.

Most of the reports showed excellent progress of the church during the past year and made suggestions toward inauguration of moves looking toward the growth and progress of the church.

Among the most important acts of the presbytery was the appointment of a Presbyterian Missionary Commission which was instructed to employ a missionary whose duty it is to assist with the work of the church in this district. He is to look for new fields for church work and assist churches where there are no pastors. D. M. Fullerton, A. M. Anderson and George B. Russell compose the committee. All the delegates left for their homes Thursday.

The attendance at the session was not as large as was expected on account of the rain.

PRINCIPAL SPEAKER FIRST M. E. CHURCH FOR FRIDAY NIGHT

DR. CARL C. GREGORY,
Pastor First Methodist Church,
Dallas, Texas.

Dr. Carl C. Gregory, pastor of the First Methodist Church of Dallas, will be the principal speaker at the second luncheon of the Methodist Men's Luncheon Club at the First Methodist Church Friday night at 7 o'clock. Dr. Gregory comes highly recommended as a speaker. He is said to be both eloquent and humorous. He is regarded as one of the leading young ministers of the Southern Methodist Church. An excellent program has been prepared for the occasion, those in charge state. Plates will be 50 cents each.

FUNERAL SERVICES FOR LITTLE CHILD WERE HELD HERE

Funeral services for David Scott Stephenson, aged 6 years, son of Mr. and Mrs. T. A. Stephenson, who died Monday morning in Borger, Texas, were held Thursday afternoon at 2:30 o'clock from the residence of J. S. Parker, near the Corsicana Country Club, with interment in Oakwood cemetery.

The body reached Corsicana from Borger late Wednesday afternoon.

The funeral services were conducted by Rev. Van Morrison of Emhouse and Rev. W. G. Gwaltney of North Corsicana Methodist church.

The little child fell backward into a tub of boiling water Saturday afternoon and survived until Monday when it died from blood poisoning as a result of the burns.

Its grandparents Mr. and Mrs. Dave Maggard and Mrs. J. C. Stephenson live at Emhouse and Corsicana respectively.

Mr. Stephenson and wife formerly lived here but recently moved to Borger where he is employed by the Mid-West Exploration company.

GRAND JURY ASKS OFFICERS TO STOP BOXING IN DALLAS

TOO MEMBERS OF BODY REFUSE TO SIGN REQUEST FOR ACTION

By Associated Press.
Dallas, Texas, March 31.—The Dallas grand jury Thursday requested the sheriff and chief of police to stop boxing here.

In a special report, the body called on Chief of Police Claude Trammell and Sheriff Allen Seale, to "see that no such exhibitions are staged in the future."

Ten members of the jury signed the report, two declining to sign. The report, according to members of the jury, was made at the insistence of a number of Dallas pastors and church leaders.

Numerous boxing exhibitions have been staged here under the names of clubs or charitable organizations, at which the admission was supposed to be by card to members only.

The condition of Geo. W. Tidd and Claude Allen, both of whom have been ill for some time, is reported better.

INTERSCHOLASTIC LEAGUE AWARDS IN SPELLING ANNOUNCED

EXCELLENT RECORDS MADE BY STUDENTS ENTERING SPELLING CONTESTS

Much credit is due the school children of Navarro county, who entered the different contests at the State Home last Saturday, for their efforts and for their accomplishments.

The results of some of the events have already been published. The result of the spelling contests are as follows:

INDIVIDUAL AWARDS.

A—Sub-Junior Division.

1. Gold medal, to Calvin Noble, Jr., of Kerens, who made a perfect score, the only one made in this division.

2. Silver medal, to Esther DeWitt of the Sam Houston School of Corsicana.

3. Bronze medal, to Nannie Beth Hartley of Blooming Grove.

B—Junior Division.

1. Gold medal, to Cornelia Hardy of Dawson, who made a perfect score, and whose writing was excellent.

2. Silver medal, to Pauline Campbell of Currie, whose spelling was perfect, and whose writing was good.

3. Bronze medal, to Florine Smith of Sam Houston School of Corsicana.

C—Senior Division.

1. Gold medal, to Betty Lloyd Suttle of Corsicana High School, who missed only one word, and whose writing was excellent.

2. Silver medal, to Sarah Stander of Corsicana High School, who missed only one word, and whose writing was good.

3. Bronze medal, to Valice Alexander of Bazette High School.

II.—TEAM AWARDS.

A—Sub-Junior Division.

1. First place and silver loving cup, to Kerens Grammar School, whose team was composed of Calvin Noble, Jr., and Gail Flanders, Jr.

2. Second place, to Sam Houston School of Corsicana, whose team was composed of Esther DeWitt and Mavis Mason.

3. Third place, to the State Home, whose team was composed of Evelyn Wood and Carl Clark.

B—Junior Division.

1. First place and silver loving cup, to Currie High School, whose team was composed of Pauline Campbell and Clotilde Roberts.

2. Second place, to Dawson High School, whose team was composed of Cornelia Hardy and Lois Chum.

3. Third place, to Corsicana High School, whose team was composed of Carl Robertson and Paul Patterson.

C—Senior Division.

1. First place, to Corsicana High School, whose team was composed of Betty Lloyd Suttle and Sarah Stander.

2. Second place, to Kerens High School, whose team was composed of Mary E. Everhart and Vernelle Mabry.

3. Third place, to Bazette High School, whose team was composed of Valice Alexander and Everett Waits.

Those students who scored 100 per cent will receive a certificate from the State Department of Education, and through the courtesy of the James C. Winston Company of Dallas, will receive a copy of The Winston Dictionary.

PRIZES AWARDED IN FIRE ESSAY CONTEST SCHOOL CHILDREN

STATE FIRE INSPECTOR LAN- IER CORSICANA VISITOR THURSDAY

Elmer Keith, chief of the Corsicana fire department, Thursday announced the winners in the essay contest for school children held recently in connection with the showing of feature motion picture "The Fire Brigade" in this city recently.

The cash prizes were awarded in the order named as follows: Hester McAfee, \$7.50; Betty Lloyd Suttle, \$5.00; Harry Blandine, Jr., \$2.50; Adrienne May, \$2.50; and Doyle West, Max Bowen, Newell Brooks, Ruth Dillon, and Lewis Allen, all received \$1.00 each.

Chief Keith announced that following the publication of the essays in the Sun he would send the originals to Austin.

N. B. Lanier, state fire inspector, was also a Corsicana visitor Thursday and following a thorough inspection of the city stated "the town is clean and in excellent shape." Mr. Lanier also highly complimented Chief Keith on his work in Corsicana in combating the fire hazard.

Sick and Convalescent.
T. B. McDonald underwent an operation at the Navarro County Hospital Thursday morning.

Joe Coggins underwent an emergency operation at the Navarro County Hospital Wednesday evening and was recovering nicely Thursday.

Mrs. C. S. Stroud, who underwent an operation Tuesday night, was reported resting satisfactorily.

Mr. and Mrs. J. Laramore had a baby girl born to them Wednesday evening. Mother and baby are doing well.

Mrs. Earl Beitch has recovered sufficiently to be moved to her home.

TAKE Enough ICE
IT PAYS FOR ITSELF IN THE FOOD IT SAVES

5 reasons
why it will pay you
to buy

Southern Ice COUPON BOOKS

1. They save Money for you

Our Spring Coupon Book Sale, starting tomorrow, offers you Southern Ice Coupon Books at a liberal saving from regular cash prices for ice. Beside saving a worth-while amount on ice, these coupon books are a great help in keeping records of household expenses for ice.

2. Coupon Books are more convenient

—so much more convenient to leave out a coupon than to be worried with always having the correct change handy every morning. If you are away from home, the size of the coupon indicates the quantity of ice wanted.

3. They save time

Save your time and ours. Coupon books make it possible to give you satisfactory service at all times.

4. They help us to give you Prompt Service

Southern Ice salesmen try at all times to give prompt service. Every minute saved helps him to get around to you quicker each day. When you and his other patrons use coupons it greatly helps him to help you by giving prompt service.

5. Coupon Books are Safer

There is less liability of loss to you in leaving our coupons out rather than cash, when you are not at home. Coupons are not tempting to tramps, etc.

The Southern Ice salesman who serves you will be glad to give you the prices in effect on the various sizes of coupon books. Take advantage of this saving—now!

AUTHORITIES OF MEXICO REPORTING COMPLETE VICTORY

SEVERAL REBEL BANDS EX- TERMINATED, ACCORDING STATEMENTS THURSDAY

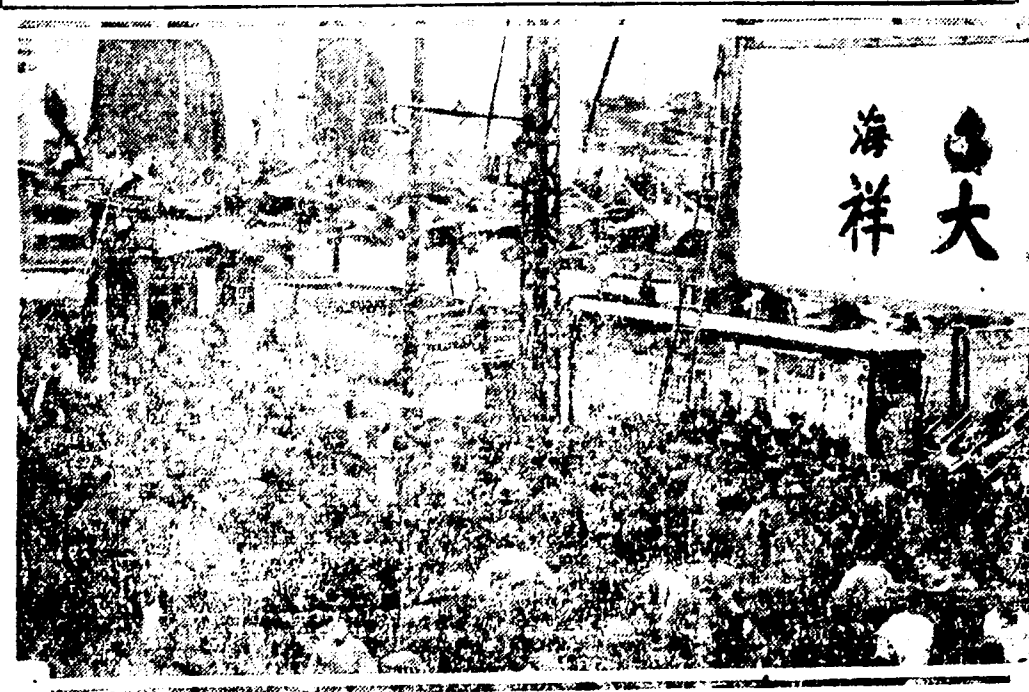

By Associated Press.
Mexico City, March 31.—The Vidales Brothers, who for more than a year have been leading rebel bands in the State of Guerrero, were severely defeated by federal forces under General Claudio Paez and one of them, Baldomero, died a few days later from his wounds.

The band of Amadeo Vidales was completely exterminated and the leader is hiding in the mountains with three of his followers.

Special dispatches from Guadalajara report that sixteen rebels were killed, among them the rebel leader, Anastasio Ramirez, in two combats with federal forces at Autlan and Santa Ana, State of Jalisco, yesterday.

Seven rebels were killed at Malpasco, Agua Calientes in a fight with federal forces led by General Delao. This general reports the arrest of a Catholic priest, Manuel Marcano, on the charge of engaging in seditious activities.

Natives Storm Concession Midst Shanghai Turmoil

The tumult that preceded the Nationalists' capture of Shanghai terrorized many sympathizers with the Northern cause, and in panic they sought safety within the foreign concessions. This shows a mob seeking to get inside the guarded walls.

GOVERNOR SIGNS ADDITIONAL BILLS AUSTIN WEDNESDAY

By Associated Press.

Austin, Texas, March 30. Bills to reorganize the Texas prison system and revise the State textbook commission along reform lines recommended by Governor Dan Moody to the Fortieth Legislature, were signed by him today along with about thirty others.

Under the prison bill, Moody will appoint a new prison board of nine members, who will hire an \$8,000 a year manager with liberal powers designed to put the prison system on a more efficient basis, in line with a constitutional amendment adopted by vote of the people last year.

The textbook bill provides a new textbook commission to be selected and appointed directly by the governor, instead of through nomination now made by heads of higher educational institutions. Letting of textbook contracts are more strictly regulated, with a view to avoid alleged wastes and litigation of the past.

Salary Bill Signed.
The Governor also signed the joint resolution putting up to a vote of the people the question of the amending the state constitution to remove salary limitations of legislators and high state officers, leaving it to the Legislature to fix salaries. Provision is made that the governor's salary cannot exceed \$10,000 a year, and legislators \$1,500 a year. Other bills signed include:

Providing for the co-operation of the state and federal government in destruction of predatory animals.
Making it unlawful to catch bass less than 11 inches in length.

Requiring fire insurance and casualty companies to render for taxation real estate and property as required of other corporations and individuals.

Altering the teaching of Spanish in El Paso elementary schools.

Validating municipal ad valorem tax levies heretofore unenforceable because of failure of municipalities to make such levies by ordinance.

Ratifying the national defense act.

Accepting provisions of Shepard-Towner maternity act.

Free Tuition Provided.
Providing for classification of elementary and high schools by county boards of trustees, and for free tuition for certain transferred high school students.

Correcting motor license law to provide for regulation of dealers' vehicles.

Preventing motor speed cops from collecting fees from fines and prohibiting them from hiding to catch speeders.

Increasing grand jury bailiffs' pay.

Imposing prohibitory tax on "endless chain" merchandisers.

Repealing railroad commission law forcing railroad passenger trains to run at least one train daily, excepting Sundays.

Twelve banking bills attempting to afford protection to depositors and stockholders, replacing the repealed guaranty act.

Joint resolutions: Proposing an amendment to the constitution, authorizing a tax levy for Confederate soldiers and sailors and their widows.

Proposing a constitutional amendment authorizing legislative removal of church-owned parsonages from taxation.

FUNERAL SERVICES HELD WEDNESDAY FOR A. CLINT HARRISON

Funeral services for A. Clint Harrison, aged 51 years, who died suddenly at his residence, 1401 West Twelfth and One-Half Street, Tuesday afternoon at 1:50 o'clock, were held Wednesday afternoon at 3:30 o'clock from the residence of his sister, Mrs. E. N. Rawson, 725 West Ninth Avenue. Interment was made in the Hamilton cemetery.

The funeral services were conducted by Rev. M. A. Turner, pastor of the Eleventh Avenue Methodist church.

He is survived by his wife, one brother, M. T. Harrison, Navarro; two sisters, Mrs. E. N. Rawson, Corsicana; Mrs. W. H. Mills, Roscoe, Texas.

Mr. Harrison was engaged in the transfer business for a number of years. He had resided in Corsicana for 18 years.

**ONE DEAD; ONE
WOUNDED SHOOTING
AFFRAY AT AUSTIN**

Austin, Texas, March 30.—A shooting at his father's home 18 miles from here today Ernest Thurman surrendered to officers investigating a shooting in which Jim Young, 26, was killed, and A. E. Brust was wounded in Austin last night.

Thurman was charged with assault to murder in connection with the wounding of Brust and released on \$500 bond.

Brust was held at the county jail today without charges. He surrendered to officers who said he claimed that Young and another man came to his house and the shooting followed an altercation concerning payment for automobile tires.

Brust, officials said, told of emptying my shotgun and rifle. Thurman said that Young, who was hit in the head with a bullet as he sat in an automobile, took no part in the shooting.

Your Contribution to Christianity

Comment on the Uniform International Sunday School Lesson for April 3, 1927.

Read Mark 1.

WM. SOUTHERN, Jr.

PETER BECOMES A DISCIPLE OF JESUS.

Mark 1: 14-18; 29-31.
Mark 1: 11. Now after John was delivered up Jesus came into Galilee, preaching the gospel of God.

15. And saying, The Time is fulfilled, and the kingdom of God is at hand; repent ye, and believe in the gospel.

16. And passing along by the sea of Galilee, he saw Simon and Andrew the brother of Simon casting a net in the sea; for they were fishermen.

17. And Jesus said unto them, Come ye after me, and I will make you to become fishers of men.

18. And straightway they left the nets, and followed him.

29. And straightway, when they were come out of the synagogue, they came into the house of Simon and Andrew, with James and John.

30. Now Simon's wife's mother lay sick of a fever; and straightway they tell him of her.

31. And he came and took her by the hand, and raised her up; and the fever left her, and she ministered unto them.

Golden Text.—Come ye after me, and I will make you to become fishers of men.—Mark 1: 17.

(Text is from the American Standard Edition of the Revised Bible copyright, 1901, by Thomas Nelson & Sons, and used by permission.)

Not many days ago I received a letter asking me to name the most prominent and influential citizen in my town, and tell why he or she occupied that position.

Of course I did not answer that letter. Nevertheless it set me to wondering. What constitutes the most prominent citizen? Why is a prominent citizen? From which standpoint shall we judge? These reflections naturally turned my mind to Christianity and the church. Who among the disciples of Jesus was the most prominent and which one of the twelve had the greatest influence on Christianity?

A leading member of the University at Texas, a man who has studied the story of Christianity for lifetime, did not hesitate to say to me that he considered Paul the real builder of Christianity. Paul was not even one of the twelve.

The most human, the most beautiful, the one who claims closest kin to us all because he was just an ordinary man in the beginning, a rough and ready fisherman, and who grew through many mistakes into a great leader, was Peter. One writer says that while Jesus loved John the most, then Peter was the greatest of them all for those who are greater than those who receive.

Let us turn to the story of Peter's life. He was not a saint, but a man of flesh and blood, who was loved by Jesus and who was crucified for his faith.

Let us turn to the story of Peter's life. He was not a saint, but a man of flesh and blood, who was loved by Jesus and who was crucified for his faith.

Let us turn to the story of Peter's life. He was not a saint, but a man of flesh and blood, who was loved by Jesus and who was crucified for his faith.

Let us turn to the story of Peter's life. He was not a saint, but a man of flesh and blood, who was loved by Jesus and who was crucified for his faith.

Let us turn to the story of Peter's life. He was not a saint, but a man of flesh and blood, who was loved by Jesus and who was crucified for his faith.

Let us turn to the story of Peter's life. He was not a saint, but a man of flesh and blood, who was loved by Jesus and who was crucified for his faith.

Let us turn to the story of Peter's life. He was not a saint, but a man of flesh and blood, who was loved by Jesus and who was crucified for his faith.

Let us turn to the story of Peter's life. He was not a saint, but a man of flesh and blood, who was loved by Jesus and who was crucified for his faith.

'Where A Dollar Does Its Duty'

MARVELOUS NEW AUTOMATIC VICTROLA SHOWN HERE TUES.

Three J. York Music Co. personnel were made happy Tuesday when they received the new automatic Victrola Orthophonic Victrola same being one of a few that have reached Texas. This new and wonderful automatic machine is sound in its construction and is the most human and inspiring beginning of the new era in the history of the music industry.

Mr. York was all smiles over his office the next record from the musical and was busy all day demonstrating this new machine to interested until the last record.

repeated parties. The automatic machine plays a dozen records at a time, either the 'old' or 'new' style. You select the program you wish to hear, place the record on the turntable, and the machine will play it for you. It is a real marvel of modern science.

When you have finished your listening, the machine will automatically stop the record and return the turntable to its original position. It is a real marvel of modern science.

Mr. York was all smiles over his office the next record from the musical and was busy all day demonstrating this new machine to interested until the last record.

played then the mechanism stops automatically. Single records may be played, exactly as on other Victrolas, by turning a lever to the indicated position.

A silent electric motor operates the automatic mechanism and eliminates the usual noise of a gramophone.

Mr. York was all smiles over his office the next record from the musical and was busy all day demonstrating this new machine to interested until the last record.

"Corsicana Has It."

Body of Little Boy Will be Brought Here

David, 6-year-old son of Mr. and Mrs. T. A. Stephenson formerly of Corsicana, was accidentally killed at Whitteberg near Borger where Mr. and Mrs. Stephenson now live.

Monday. Details of the accident are not available.

The body is expected to arrive here sometime Wednesday afternoon and burial will be in Oakwood cemetery sometime Thursday, the hour had not been announced at press hour.

Read the Sun—get all the news

LEADING MASON IS BURIED WEDNESDAY OAKWOOD CEMETERY

Funeral services for P. E. Walker, aged 62 years, well known Mason, who died in the Navarro County Hospital Monday night at 9:30 o'clock following an illness of a number of weeks from blood poisoning, were held Wednesday afternoon at 3 o'clock at the Methodist Protestant church, corner of West Collin street and Eighteenth street, with interment in Oakwood cemetery.

The services were conducted by Rev. M. J. Parnell, pastor of the Corsicana Methodist Protestant church, assisted by Rev. Paul J. Merrill, pastor of the First Christian church. The Masons ad charge at the grave.

Mr. Walker was a member of all the various Masonic bodies, being a member of the Karm Temple Shrine, Waco, member of the local Blue Lodge, Chapter, Council and Knights Templar. He was Tiler in the Blue Lodge, Guard in the Chapter and Council, and Sentinel in the Commandery, and also an officer in the Eastern Star. In addition he was a Masonic Lecturer and custodian of the temple.

The following were the active pallbearers:
John L. McCleary, C. J. Knox, Ed Holmes, Chas. Croft, Max Tatum and Max Irvine.

Surviving are his wife, four sons, John, Wayne, Harry and Avery; two daughters, Doris and Mildred, all of Corsicana; two brothers, Walter Walker, California; John Walker, Oklahoma; one sister, Mrs. Mattie Rink, Tacoma, Washington, and numerous other relatives.

He had been a resident of Corsicana for a number of years, and for years was in the restaurant business here.

**Corsicana Girls
Win Senior Honors**

The team composed of Betty Loyd Suttle and Sarah Stander representing the Corsicana high school won the senior spelling contest in the Inter-scholastic League meet held at the State Home last Saturday. They were awarded medals and this makes the second year in succession that the local high school has won the junior spelling.

Brust was held at the county jail today without charges. He surrendered to officers who said he claimed that Young and another man came to his house and the shooting followed an altercation concerning payment for automobile tires.

Brust, officials said, told of emptying my shotgun and rifle. Thurman said that Young, who was hit in the head with a bullet as he sat in an automobile, took no part in the shooting.

Thurman was charged with assault to murder in connection with the wounding of Brust and released on \$500 bond.

QUALITY

When you are compelled to make comparisons between tires, remember that there are other factors to consider besides mere PRICE. Rugged performance, month after month, until the in-built mileage shows conclusively on your speedometer—these are facts which hold your attention and command your purse.

A Background For Price

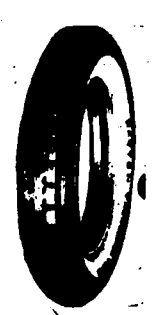

Why not buy your tires in the future on a basis of actual performance? Why not follow the lead set by so many of your friends and let your next set of tires come from Hicks? Our tires give you more in quality—many thousands of extra miles above the average—and at prices unmatched by competition.

TEXAS TECH WILL HEAR BIZZELL AT GRADUATION TIME

FORMER PRESIDENT OF A. & M. TO DELIVER COMMENCEMENT ADDRESS

Special to the Sun
Cotulla, Texas, March 30.—Following the announcement that Dr. W. B. Bizzell, president of the University of Oklahoma, and former president of Texas A. & M., would deliver the commencement address to the first graduating class of Texas Technological College, President P. W. Horn announced that Dr. L. L. Powers, pastor of the First Baptist church of Wichita Falls, will preach the commencement sermon.
Tech's first commencement is expected to be a colorful affair. Prominent educators from other institutions will be present in addition to the college board and other high state officials. There are eighteen candidates for graduation in June and eight at the close of the summer session in August. The commencement sermon will be delivered Sunday morning, May 29, and Dr. Bizzell's address will be delivered the following morning.
An immense pageant on Saturday night, May 28, will be a feature of state-wide interest. More than 500 will participate in this event which will be staged jointly by the department of music, the department of physical education, and the department of public speaking. Prof. Harry LeMair, leader of Tech's 80-piece band, and director of the Tech Orchestra, will furnish the music for the occasion. Brilliant costumes and an elaborate lighting arrangement with at least three stages on the south side of the administration building in the open air will indicate the scope of the affair. The pageant will portray the history of higher education in Texas.

RECEIVING GLASSES
It is a secondary consideration with us. The thing that interests us is whether your eyes are properly corrected. Their duty properly. A complete scientific examination will reveal whether (if wearing glasses) you have the right one or if not using glasses, you need them, and what kind you need. Let us all do—Examine Eyes and Furnish Glasses, but we do it RIGHT.

(To Be Continued.)

BAR ASSOCIATION WILL HOLD SPRING QUARTERLY MEETING

FORMER PRESIDENT STATE
BAR ASSOCIATION TO BE
MAIN SPEAKER

A. C. McKnight of Dallas, president of the Texas Bar Association last year, and prominent attorney, will be the principal speaker at the spring quarterly session of the Navarro County Bar Association Thursday night (tonight) at 7:30 o'clock at the Navarro Hotel.
A short business session will be held by the association and the committee on constitution and by-laws will make their report and submit a constitution and by-laws for the approval of the association. There are about forty members of the organization and the majority of the members have intimated that they will be on hand for this occasion.
An outline of the program of activities for the year will be made. It is understood that a "History of the Navarro County Bar Association" will be prepared for publication.
Beauford H. Jester is president of the organization and J. M. Blanding is president emeritus.

FIFTY THOUSAND CIGARETTES WERE RECOVERED HERE

**HAD BEEN STOLEN FROM
WHOLESALE GROCERY
COMPANY IN ENNIS**

Fifty thousand cigarettes were recovered here Tuesday night by Officers Nutt and Tickle of the Corsicana police department, which had been stolen Monday night from the Beasley Wholesale Grocery Company of Ennis. The man having the cigarettes in charge made his escape and has not yet been apprehended.
The cigarettes were found in an automobile parked in the alley between the Edens building and the Hardy-Peck building, near the intersection of the main highway. The man drove the car to this place, evidently the officers, while they were investigating the car, and made his get-away.

It was stated out of Ennis that a Ford car had been stolen at the same time and the cigarettes had been away in the stolen car, but the car the cigarettes were found in here was not the one stolen in Ennis, it was stated.

You
will not regret it if you buy a watch or diamond at Fred Mitchell's.

Corsicanans Called In Trial at Dallas

James A. McMahon and a number of other Corsicanans went to Dallas Thursday as witnesses in the trial of J. S. Williams, former Corsicana policeman, for manslaughter in connection with the fatal shooting of Jack Coker of Ellis county in Corsicana in 1924.
The trial was transferred to Dallas after a motion here and a two-year sentence. District Judge Hawkins Scarborough granted a new trial and the case was transferred to Dallas.

Corporation Court.
Six cases of gaming, four traffic violations and three charges of affray held the attention of the Corporation Court Wednesday and Thursday morning.

LIGHT

Good News!

For the Ladies of the County

And Surrounding Community

Here's an opportunity to raise some quick money for your Church, Sunday School, School, Civic, Social or Fraternal organizations.

The Plan is Very Simple

For Every 20 New Subscribers You Secure for the Semi-Weekly Morning Light, the Popular County Paper. We Will Give You \$10.00 In Cash.

There Is To Be NO Limit to the Number of Subscriptions You Get, the More the Better. This Liberal Offer will be Good Until May 1st.

What You Get For \$1.00

The Subscribers Get A Full Dollar's Worth

For \$1.00 a year in advance the subscribers to the Semi-Weekly Morning Light get 104 papers a year, two papers a week for the price of one.

He gets from ten to twenty pages of international, national, state and county news every issue.

He gets strictly a home-print paper, brimming full of all that one could expect in a modern newspaper.

He gets his paper regular, and his paper is dependable, educational, and instructive for every member of his family.

When he pays for his paper he knows he will get it, or money will be gladly refunded.

He knows that when his time is out that his paper will be stopped if he does not renew.

He and his family appreciate the many features of the paper, including many costly syndicated features that are published exclusively in the Light.

The family reads the happenings of their home community each week, as there are many paid correspondents throughout the community who send in all of the news of their districts at regular intervals.

The subscribers also appreciate the great advantage the Light has by being the rural publication of the Corsicana Daily Sun, which paper is an Associated Press Paper as well as having many other attractive and exclusive features.

Space will not permit going further as to what the Light stands for, as the large list of paid in advance subscribers is best evidence that the paper is what the people want, or they would not pay for it year in and year out, with the subscription list growing rapidly.

The Advertiser Gets Full Coverage.

In publishing a newspaper we manufacture advertising space to sell.

Its value is measured by the number of our readers plus their interest and confidence in the paper they have selected as "theirs."

Their purchase of it constitutes their invitation to you to put your business message before them through its columns.

When they sit down to read it they are in the mood for news—your news, if you have any. This means that they'll read it gladly and responsively.

Even a personal letter from you might not happen to reach them when they're in so favorable a mood as when they read their newspaper.

The reader's mood for news is therefore one of the things we sell in selling advertising space.

The Semi-Weekly Morning Light has been, and will always be, for a permanent good roads system, and for all progressive moves for the upbuilding of the community.

\$1 A Year In Advance
